## SoCal Makers

Our FRC Robotics Team, Phantom Catz FRC 2637, have joined the SoCal Makers Covid-19 Response effort to supply local medical and other first responders with much needed personal protection equipment (PPE) during this unprecedented pandemic. Working from safe spaces at home, the team has been 3D printing PPE face shield frames and "ear saver" mask tensioning straps. To date the team has delivered over 200 pieces and are expected to be able to produce well over 1000 pieces of PPE over the next few weeks. Running their 3D printers non stop are current members Brandon Hung, Kai Shimada and Kan Shimada. Alumni team members Kyle Hashiro, Griffin Sheh and mentors Mr. Mike Hashiro, Mr. Will Sheh are also lending their time and effort to help our community stay safe and healthy.
